

Technical Director – 3 Waters | Auckland or Hamilton

This is a great opportunity for a senior professional to join an established and highly respected environmental and engineering consultancy with a nationwide presence. With almost 100 water professionals, we have one of the most capable three-waters teams in New Zealand. Driven by solving the important infrastructure and environmental challenges facing NZ, we are still growing and invite you to be part of our future. You will be working in a business that prides itself on our people-focused culture, our fun workplace, and our creative thinking and sound advice.

We are looking for a Technical Director with significant experience in water, wastewater and stormwater (three-waters) in the municipal sector, to further grow PDP's presence in Central and Upper North island.

The Role

- Expand PDP's offerings in the municipal sector in Central and Upper North island through strong relationship management and business development
- Senior technical leadership
- Project and people management and opportunity to further build and lead a high calibre team of environmental engineers
- Play a lead role in quality, safety and risk management
- A key leadership position within the company where you will have influence over the direction of the business and have the potential for shareholding.

You will need

- Degree in Civil, Environmental or Natural Resources Engineering
- Minimum 15 years' experience in three-waters engineering investigation, design and contract management; if you have less experience but a big ambition we would like to hear from you!
- Strong business acumen; superb business development skills and established local government contacts
- Strong verbal and written communication skills.
- Proven leadership skills; a collegiate, team-player attitude.
- Creative thinking to find innovative and sound solutions for our clients.
- RMA and LGA knowledge; strong understanding of the ongoing water reforms.

About Us

PDP is a leading environmental and engineering consultancy offering solutions for environmental issues through our specialised range of services. Working on a wide variety of projects ranging from major infrastructure projects through to investigations on the natural environment, we aim to cover the entire range of environmental services required by our clients, in air, land and water.

We are a NZ, employee owned and operated company, with 35 years' experience in providing environmental solutions throughout New Zealand, Australia and in the Pacific Islands. Our team of over 175 specialists are located in Auckland, Hamilton, Tauranga, Wellington, Christchurch and Invercargill.

With a strong focus on health and wellness, as well as an enthusiastic and active social club, PDP offers a fun work environment with a focus on work/life balance. Along with a supportive team of dedicated professionals to work with, you will have the opportunity to advance your career in a growing NZ-owned company.
