ABOUT US

Our Infrastructure Advisory team integrates our core expertise in infrastructure and environmental solutions, with creative thinking and sound business acumen, helping our clients make informed and confident decisions about the important infrastructure and environmental challenges facing New Zealand.

We bring hands on experience in strategy, planning, design, construction, operations and maintenance - allowing us to take a holistic view of our clients businesses, with the understanding that whatever the issue we are solving, people are central to the decisions both we and our clients make, including boards, staff, customers and other stakeholders.

INFRASTRUCTURE ADVISORY

SERVICES

OUR MISSION

With today's pressing infrastructure needs, our clients are seeking options to achieve efficient operations, regulatory compliance, and cost savings.

PDP's Infrastructure Advisory team has the experience and technical savvy to guide you through a successful business optimization and transformation program.
