

Senior Geotechnical Engineer/Service Leader | Christchurch

This is a great opportunity for a senior professional to join an established and highly respected environmental and engineering consultancy with a nationwide presence. Driven by solving the important infrastructure and environmental challenges facing NZ, we are still growing and invite you to be part of our future. You will be working in a business that prides itself on our people-focused culture, our fun workplace, and our creative thinking and sound advice.

We are looking for an experienced Geotechnical Engineer/Service Leader who can lead and deliver inputs into geology/geotechnical engineering projects. You will work across a variety of projects and will have the opportunity to further develop your skills and leadership expertise.

The Role

- Develop engineering geology/geotechnical engineering opportunities with existing and new clients.
- Manage geotechnical projects (foundations, slope stability, dams, service corridors and quarrying).
- Contract management including cost estimating, tender and contract preparation, construction monitoring and commissioning.
- Ensure profitability through effective and timely management of workflows and billing.
- Plan, write and review technical reports and provide input into engineering design.
- Work with a range of clients from local authorities to private companies.

You will need

- A relevant degree and minimum 8 years' experience as a Senior Geotechnical Engineer or an Engineering Geologist preferably in a professional services consultancy.
- Proven business development skills
- Strong written and spoken communication skills.
- Ability to build a team and mentor and develop junior team members.
- Proven leadership skills.
- Creative thinking to find innovative solutions for our clients.
- A collegiate, team-player attitude.
