

Graduate Geospatial Analyst | Auckland

Join an established and highly respected environmental and engineering consultancy with a nationwide presence. Driven by solving the important infrastructure and environmental challenges facing NZ, we are still growing and invite you to be part of our future. You will be working in a business that prides itself on our people-focused culture, our fun workplace, and our creative thinking and sound advice.

We are looking for a talented junior GIS Analyst to join our growing Geospatial team in Auckland. You will play a key part in advancing our in-house and online GIS capabilities for a range of tasks such as analysis, dataflows, modelling and figure production, through to publishing of web services and creating web applications. We are looking for somebody with a can-do attitude backed up by a broad technology base brimming with skills.

The Role

- Conduct geospatial analysis, modelling and data management using ArcGIS Pro/Desktop.
- Assist with figure production, publishing web maps, apps and services to ArcGIS Online.
- Work with FME to create data flows
- Integrate with existing technology stacks and leverage business systems.
- Support the Geospatial and Digital solutions team and PDP's wider business.
- Demonstrate excellent analytical skills and have familiarity with FME.

You will need

- 0-2 years' experience in GIS.
- ArcGIS Pro with exposure to other Esri products and extensions (including ArcGIS Online)
- Good analytical skills
- Familiarity with FME
- Figure production, attention to detail
- Experience using Python an advantage
- Strong verbal and written communication skills.
- Creative thinking to find innovative solutions for our clients.
- A collegiate, team-player attitude.
