

## Service Leader – Water Sensitive Design | Auckland

Join an established and highly respected environmental and engineering consultancy with a nationwide presence. Driven by solving the important infrastructure and environmental challenges facing NZ, we are still growing and invite you to be part of our future. You will be working in a business that prides itself on our people-focused culture, our fun workplace, and our creative thinking and sound advice.

We are looking for an experienced and driven civil or environmental engineer who will be taking a lead role in our growing Environmental Management workgroup. Most immediately, on joining this role will have a particular focus on Water Sensitive Design. We will consider candidates outside of Auckland.

### The Role

- Investigate, plan and design stormwater infrastructure/management (including quality and quantity) using water sensitive designs. Conduct catchment management planning and analysis.
- Conduct industrial trade activity site management assessments.
- Manage various-size projects by co-ordinating staff and subcontractors, liaising with regulators client contacts and stakeholders, controlling budgets and invoicing.
- Write technical reports and present expert evidence at hearings.
- Promote and expand PDP business by sourcing ongoing work from existing clients, developing new clients, and raising the company's profile by the presentation of papers at conferences.

### You will need

- Masters or post graduate degree in environmental or civil engineering is preferred.
- At least 8 years' experience in a consulting, local authority environment or research organisation.
- Strong technical report writing, data analysis and management skills
- Strong verbal and written communication skills and excellent organisational skills.
- Creative thinking to find innovative and sound solutions for our clients.
- A collegial, team-player with a 'can do' attitude.
- Please send your CV and Cover letter to [employment@pdp.co.nz](mailto:employment@pdp.co.nz)

### About Us

PDP is a leading environmental and engineering consultancy offering solutions for environmental issues through our specialised range of services. Working on a wide variety of projects ranging from major infrastructure projects through to investigations on the natural environment, we aim to cover the entire range of environmental services required by our clients, in air, land and water.

We are a NZ, employee owned and operated company, with over 35 years' experience in providing environmental solutions throughout New Zealand, Australia and in the Pacific Islands. Our team of over 200 specialists are located in Auckland, Hamilton, Tauranga, Wellington, Christchurch and Invercargill.

PDP has a strong culture of work/life balance, focus on wellness and health and safety. We offer competitive remuneration and a great range of benefits including medical insurance and income protection. Along with a supportive team of dedicated professionals to work with, you will have the opportunity to advance your career in a growing company that provides itself on being the best in class.
